WHO SHOULD ATTEND

This programme is designed for professionals involved in the planning, execution, administration & resolution of construction projects, including:

- 👤 Engineers & Project Managers
- 👤 Contract & Commercial Managers
- 🏗️ Metro & Infrastructure Contractors
- 👤 Project Management & Engineering Consultants
- 📄 Claims, Delay & Dispute Professionals
- 👤 Construction & Infrastructure Lawyers
- 🤝 Arbitrators, Experts, and In-house Counsel

ABOUT THE CONCLAVE

Construction projects increasingly operate at the intersection of technical execution, contractual obligations, and legal accountability.

Decisions taken on site are often under time and cost pressure - can later determine the outcome of claims, disputes & arbitrations.

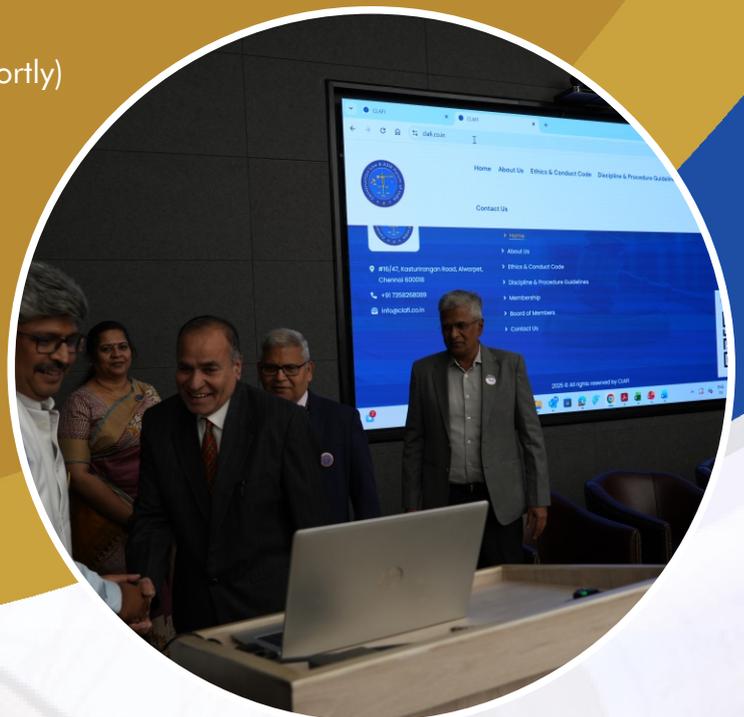

"Site to Statute" is a focused professional forum that brings together engineers and lawyers on a common platform to discuss how technical, commercial & legal dimensions of construction projects are closely interlinked.

The conclave encourages open dialogue, debate & shared learning, rather than one-way lectures.

TENTATIVE AGENDA

- 8:30 AM Registration
- 9:00 – 9:45 AM Inauguration
- 9:45 – 10:45 AM Round Table 1 From Drawings to Disputes: How Site Decisions Shape Legal Outcomes
- 11:00 – 12:00 PM Debate 1 Most Construction Disputes Are Lost on Site, Not in Arbitration
- 12:00 – 1:00 PM Round Table 2 Contract Administration as Risk Management tool, not a mere Paperwork
- 1:00 – 2:15 PM Lunch Break
- 2:15 – 3:15 PM Debate 2 Engineers Should Be Trained in Law; Lawyers Need Not Be Engineers
- 3:15 – 4:15 PM Interactive (audience) Discussion; If You Could Redesign One Thing in Construction Projects to Reduce Disputes, What Would It Be?"
- 4:15 – 4:45 PM Valedictory Function

(Session topics and speakers will be announced shortly)

WHY ATTEND

- ☑ Understand how site decisions translate into contractual and legal consequences
- ☑ Learn practical approaches to risk, claims, and dispute avoidance
- ☑ Gain perspectives from both engineering and legal professionals
- ☑ Network with peers from contracting, consulting, and legal sectors
- ☑ Engage in interactive discussions and structured debates
